

TALKING IT OVER IN WESTERLY

Only One Man Who Stayed Home Perry Day Met a Pick-pocket—Several Who Visited North Stonington Fair Lost Money—Hope That Stonington Will Adopt Bounty For Wild Animal Killing

The tournament for the state golf championship is being played at the Island Country club, and the wind prevented the playing of the final round of 36 holes. The scores were made by H. W. Davenport and Danny Patchell, both of the Misquamicut club, who served 169 and 171 respectively. William Clark of Westerly, representing the Misquamicut club, was fifth with a total score of 173 and will be included in the list of sixteen for championship honors. The score of 182 was the highest that will count in getting a man into the select sixteen. Five men tied at 182 and there was competition to decide which two of the five would be selected to compete for championship honors. Earl D. Crandall, formerly of Westerly, representing the Pawtucket club, one of the five, was chosen and L. J. Tuck, also of Pawtucket, was named to fill the list.

There were sixty contestants in the qualifying rounds and the highest score turned in was 254, with 189 as the lowest and best. H. W. Davenport, the leader in the qualifying round, will face the tee with William Clark in the championship round. Van Dusen, who made equal score with Crandall in the qualifying round, will be his opponent in the first round of the championship.

It is evident that the light-fingered gentry who came to Westerly on Perry day judged properly the sleuth qualities of the Westerly police force, for they transferred their field of operations to the North Stonington grange fair. Just how many were relieved of their pocketbooks will probably never be known except to the pickpockets themselves. It is known, however, that some residents of Westerly were selected as victims among the crowd that attended the fair. Charles Williams lost his pocketbook and \$22, John A. Bennett \$12, Warren Moon \$1 and Charles Clark \$3 and another Westerly man, whose identity was not learned, was robbed of \$50, forty of which was for a check cashed just before going to the fair. John Pinto of Quabbin was relieved of \$3.

Though the sidewalks of Westerly were crowded during the progress of the fair parade, and there were thou-

sands in the Quarry Hill section during the prize contests, not a single case of pocket picking was reported to the police. Tuesday evening while Frederic Whitten was walking on the Broad street bridge he was slightly jostled by a young fellow, who apologized and went on. A few minutes later Mr. Whitten found that his watch chain had been cut and his watch stolen. So far as known it was the only theft connected with the day.

Westerly town officials look for favorable action in the Stonington town meeting next Monday on the proposition to pay bounty for the killing of wild animals, as there is a belief that the town of Westerly has paid bounty for animals, especially woodchucks, killed in Stonington. In one year Westerly has paid bounty of twenty-five cents each on 800 woodchucks, on production of the nose of the animal. As no bounty is paid in Stonington, Westerly has become the favored market for unscrupulous hunters.

The proposition to be submitted to the Stonington town meeting asks that bounty be paid for each wild cat, raccoon, skunk, fox, weasel and woodchuck caught within the limits of the town.

These animals have caused considerable damage to crops and poultry, during the past two years and there is a large increase in the number of these troublesome animals. During the past four months residents of the Quabbin section alone have sustained a loss in turkeys and chickens that will aggregate over \$500.

Herbert W. Rathbun of Westerly and Philip Z. Hankey and C. Hadlai Mull of New London, are the committee for the annual meeting of The Deep Sea Fishermen's association, to be held at Groton Long Point, next Saturday. The party will start from the public landing in New London in an able ship under the guidance of an experienced sea lawyer. A feature of the outing will be a hike to be served under the direction of Alderman E. Frank Morgan of New London. The degree of A. B. has been conferred on the members which is translated as able seamen.

The band musicians of Washington county are of the opinion that they have been snubbed by the management of the Washington county fair that is to be held at Kingston next month. The East Greenwich band, of Kent county, has been engaged to furnish the music at the fair and the belief prevails that a Washington county band should have been engaged. There are four bands in the county capable of filling the engagement and located in Westerly, Carolina, Hope Valley and Wakefield.

Joseph Custode, of West Broad street has brought suit against Cosmo Pitt, charging him with the seduction of Mary Custode, aged 16, and seeking damages of \$500. Pitt was arrested by Deputy Sheriff Casey. He furnished a bond of \$500 for appearance before the superior court for New London county at the next civil term.

Few Moments! No Indigestion or Sick Stomach---Pape's Diapepsin

Digests all food, absorbs gases and stops fermentation at once.

Wonder what upset your stomach— which portion of the food it has damaged—do you? Well, don't bother. If your stomach is in a revolt, if sour, gassy and upset, and what you just ate has been cut and in five minutes your head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take Pape's Diapepsin and in five minutes you will wonder what became of the indigestion and distress. Millions

of men and women today know that it is needless to have a bad stomach. Little Diapepsin occasionally keeps the stomach regulated and they eat their favorite foods without fear. If your stomach doesn't take care of your food, limit without rebellion, if your food is a damage instead of a help, remember the "quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is astonishing. Please don't go on and on with a weak, disordered stomach; it's so unnecessary.

Washington, Sept. 11.—A bulletin issued by the bureau of labor statistics made public today shows that the number of hours of labor in Connecticut have been increased from 1907 to 1912, and the weekly hours of labor have been decreased in all of the trades to a considerable extent.

In the bakery trade, the wages of first hands have been increased from 24.50 cents per hour to 27.00 per hour, while the weekly hours of labor have decreased from 44 to 42, and the wages of second hands have advanced from 22.81 to 24.43, third hands from 21.95 to 23.62 for the German unions. In the Hebrew trade, the wages have not increased quite as much and they work 50 hours per week.

In the building trades the wages of bricklayers have increased from 44 to 60 cents per hour, and the number of hours worked per week has remained at 44. Carpenters' wages have increased from 34 to 40 cents per hour, and the hours of weekly service have decreased from 48 to 44. HUSBAND IDENTIFIED

DISMEMBERED BODY.

Police Now Searching For Keeper of House Where Woman Lived.

New York, Sept. 11.—The woman who was murdered ten days ago and whose body was cut up and thrown into the Hudson River, was identified this afternoon as Mrs. Casper Janin, of this city. Although the head, arms and legs are missing, the body was identified by a mark on the back. The woman's husband made no identification and told the police she had disappeared from her home on August 14. The identification was made at the morgue in Hoboken.

Casper Janin, the husband, told the Hoboken police that he and his wife lived at Barcelona, Spain, up to about three years ago, when the woman left him and came to this country. Janin said that he followed her soon after and found her living at a house on West 194th street, New York.

Janin was positive that the marks on the back of the body, which he said were birthmarks, offered an unmistakable means of identification. Mrs. Janin's mother, he said, had similar marks on her back, and the same mark appeared on the shoulder of their child, who is six years old.

The police immediately set out to find the man whose name Janin gave them as proprietor of the house on West 194th street. No trace of the man for whom the police were searching had been found at a late hour to night but it was reported in the vicinity that he had gone to Cuba, sailing last Saturday.

The human leg found floating in the water off Kearsburg, N. J., yesterday was removed to the morgue in Hoboken today and fitted to the hip joints. The union was found to be perfect.

Miss Bessie Friedman of New York won the typewriting championship at Chicago, averaging 115 words per minute for 30 minutes.

MOTHER! IS CHILD'S STOMACH SICK?

If tongue is coated or if cross, feverish, constipated give "California Syrup of Figs."

Don't scold your fretful, peevish child. See if tongue is coated. It is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, or when eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs."

and in a few days all the foul waste, the sour bile and fermenting food pass out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy. Mothers! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Company." Hand back with contempt any other fig syrup.

DEMOCRATIC METHODS

A FARCE AND A FRAUD.

Representative Anderson, so Declares in Resigning from Committee.

Washington, Sept. 11.—As the climax of the vigorous republican condemnation of democratic legislative methods which has marked the currency debate, Representative Anderson of Minnesota, on the floor of the house today resigned as a member of the powerful ways and means committee. In a speech bitterly assailing legislation through caucus action and partisan consideration of the Underwood tariff bill and the Glass currency bill in committees, Representative Anderson declared that the "system of legislation established here," made his efforts on the committee a "farce and a fraud."
